학술지명*	논문명*	논문 저자수	SCI(E)구분*	학술지임팩트팩터	학술지출판년도
ACS Catalysis	Discovery and Engineering of a Microbial Double-Oxygenating Lipoxygenase for Synthesis of Dihydroxy Fatty Acids as Specialized Proresolving Mediators	6	SCIE	12.350(2019JCR)	2020
Foods	A Closer Look at Changes in High-Risk Food-Handling Behaviors and Perceptions of Primary Food Handlers at Home in South Korea across Time	2	SCIE	4.092(2019JCR)	2020
Food research international	Toxic potential of Bacillus cereus isolated from fermented alcoholic beverages	2	SCIE	4.972(2019JCR)	2020
Food quality and preference	Effect of thinking style and consumption purpose on food choice: A case study with yogurt using a discrete choice experiment and eye-tracking	5	SCIE	4.842(2019JCR)	2020
Communications biology	A dietary anthocyanin cyanidin-3-O-glucoside binds to PPARs to regulate glucose metabolism and insulin sensitivity in mice	17	SCIE		2020
Food Science and Biotechnology	Bacillus spores: a review of their properties and inactivation processing technologies	2	SCIE	1.513(2019JCR)	2020
